Subject: Hi Sally it's Ron Sutherland

I would have loved to attend the reunion for the wonderful class of 1974 but I will be conducting in Germany, France, and Austria for American Music Abroad. (7 students from CCHS are part of it this year.)

It's a HIGHLY select band and chorus and we have wonderful concert venues...including a memorial concert at Omaha Beach in memory of the 60th anniversary of D-Day. (June 6th, 1944) That's goose bump city with over 10,000 American graves there.

I retired from CCHS in 1996 after 25 great years of making music...I now do lot's of guest conducting, adjudicating all over the country, and lot's of teacher and student leadership workshops. It was really invigorating to start a "new career" at the age of 57!!

I hope this finds you and yours healthy and happy. With great memories from CCHS...

Ron

ps: Please send my best regards to all those at your 30th reunion!!
